# ANTONIA MUNROE

## 9 DIAMONDS

Antonia Munroe's new work pushes to a new place her devotion to a collection of quilt diamonds inherited from a dear friend. The illusion of these paintings is remarkable for its use of paint, silk, and actual pieces of material, though the dominant technique is trompe l'oeil. The nine paintings each measure 12x16 inches. Munroe has exhibited with the Caldbeck since 1994; this is her 5th solo exhibit with the gallery. Other exhibits include CMCA in Rockport, Silvermine Guild in CT, and Clark Gallery in MA.
